EAA -106 HANGER

Canard Aircraft
Head up **ECHO** –
turn right at 1st
blue hangar &
park on right

There **MAY** be
room for **SOME**
other homebuilts
along Echo so call
flight-line crew.

RV Aircraft
- **ACTIVE**
AREA
-- Any rides must
be given from
these areas and
are a **PRIVATE**
arrangement, not
part of EAA106.

STATIC DISPLAY AREA
NO start-ups -- all
aircraft must be walked

For more info, go to:
www.EAA106.org

Locked GATE **Please**
Guests welcome **carpool!**

Gate manned **ONLY** at these times:
08:00-10:00am or
11:00-12:00
for **Fly-In of RVs & Canards**
(limited hours because
our volunteers also want to
attend our great seminars!!)

Non-RV & Non-Canard
aircraft will need to park in
the North Ramp Tie-Down
Area and east grass,
although **SOME** other
homebuilts **MAY** be able to
park next to Echo by tan
hangars. Call flightline crew.

FLY-IN aircraft: Use frequency **123.45** for fly-in aircraft parking ground crew

SCALE: 1"=400'
